

MIS Fall 2007 Reports Lesson

The Kansas State Performance Plan Indicator 20 requires timely and accurate submission of data. The purpose of the lesson is to focus on LEAMIS reports which will lead to improvements in the accuracy and reliability of the data collected and reported to KSDE.

<u>Report Recommended Use by Indicator</u>			
	<u>Indicator</u>		
	#5 LRE (6-21) # 6 LRE (3-5)	# 9 & #10 Disproportionality	# 20 Timely and Accurate Submission of Data
Rosters		Double-check the Disability categories.	Distribute to staff on a regular basis. Used to verify whether the data on the report is accurate. These reports are similar to one another and take various forms. Not all of them need to be used. Choose the ones that work best for you.
Student List			
Services List	Verify the amount of time and the settings where services are taking place.		
IEP Due List			
Eval Due List			
Verifications			Used by the data clerk to obtain the corrections needed to verification checks. Providers and other staff will need a working knowledge of the KSDE Data Dictionary Field Definitions and Verification Codes in order to respond. In-service will be needed.
Confirmation	Verify the amount of time and the settings where services are taking place.	Double-check the Disability and Ethnicity codes.	
OSEP Table 1 IDEA04	Can be used locally for the initial counts of students with disabilities.	.	
OSEP Table 3 IDEA04	Measure the current level of Placement/LRE when assessing progress toward meeting the SPP target
